your favorite photobooth!

EXCLUSIVE

photoboothlive interactive entertainment

Photoboothlive is an interactive media product, it is not a booth, but a space that is about 10' wide and 7' deep. Price is quoted based on the date and location of your event. Please call for a custom price quote. **No one else offers photoboothlive!**

419-882-1984

The experience:

Step into the space, grab your friends and the remote. Check yourselves out on the TV screen and then click! Immediately, your photo will be projected on a large projection screen for everyone to see (for smaller spaces, 50" TV monitors can replace projection). You will be able to see your images many times during the event as they cycle through the rotation.

Check out our website www.photoboothlive.com a few days later to see all of the photos from your event! You can download the images or purchase prints directly from the site. The host of the event receives a disk of full resolution photos. They do not receive paper prints, but a paper print option is available, ask for details!

Looking for a

Classic booth with paper strips or prints?

We offer the old fashioned paper print booth too! We call it **photoboothRETRO!** Fit a group of your guests into this open area, and wait for the operator to start the sequence. After you take your photos, you leave with a strip of 4 pictures. We can offer a scrapbook service as well. Not only do you receive the scrapbook, but your guests have an opportunity to make a note next to each strip in your book. Other variations include single 4x6 prints and the **AMAZING** green screen magic backgrounds. Call for details! **419-882-1984**

photoboothlive.com

If you are looking for an unforgettable event full of laughs, entertainment, and tons of fun, then **photoboothlive** is for you! Unlike the print-out paper counterpart, **photoboothlive** has nearly unlimited sessions where you can take over a thousand photos and see them live on the big screen! Get a bunch of your closest friends into this interactive space and take as many group and actions shots as you desire. Your hilarious photos will then be projected on the big screen moments later. After the event, your event photos will be available in a custom gallery, where you and your guests can download the images for free! Over 7 million photoboothlive photos are viewed every year by party goers all around the world! **Photoboothlive is the party favor that really delivers.**

*optional color available

Photoboothlive is an interactive experience based around our projection systems. The capacity for large groups and nearly limitless photos sets photoboothlive apart from all other photobooths. The web posting is available for free downloads.

Fit 5 - 8 of your guests into this area, and be guided to your 4-photo strip. (Single 4x6 format is also available.) Our scrapbook version makes a duplicate copy for the pages of your book. Not only do you receive the scrapbook, but your guests have an opportunity to make a personal note next to each strip. **Best of the Knot and WeddingWire approved!**

PhotoboothRETRO is available for your event for up to four hours. There is never a charge for a dinner break. The booth can produce an average of 50 sessions per hour and can fit 5-8 people in the area at one time. Each session produces one photo strip or one 4x6, unless the scrapbook option is purchased, in which case two prints are produced. A web posting from your PhotoboothRETRO event will be made available 3-5 days after your event. Downloads are always FREE!
